

GMA Wood Stringer Pallet (Premium)

US (48 x 40 inches)

Overview

GMA wood stringer pallet (48 x 40 inches) for the North American market. Nominal 6" lead boards on top and bottom decks. Stringers have no block, companion board, or plate repairs.

Features and Benefits

Standard Design

- Double-face, non-reversible
- Suitable for automated production and warehousing facilities
- Reduces distribution and retail labor
- Partial 4-way entry allows access to forklift trucks from all four sides, pallet jacks from the 40" side and only low-profile pallet trucks from the 48" side
- Suitable for in-store display
- Retail-ready packaging

Consistent Availability

- Ensures no delay in production at times of seasonal or unexpected demand
- Small quantity orders
- Heat treated pallets available

Environmentally Sound

- Made from 100% reusable or recycled materials

Specifications

Dimensions - in inches

Length	Width	Height
48	40
