

# FLC 806086 - Half Magnum

Unit: 868

## Overview

The Automotive FLC 806086 is designed for use in Automotive Industries across the globe. The FLC 806086 features four-way forklift access and drop down doors for easy access line side. This lightweight unit comes with a paired lid, to provide superior protection from product contamination and damage, and folds flat to allow for stacking for maximum warehouse storage efficiency.

## Features and Benefits

### Product Codes

Unit: 868

Lid: 869

### Features

Fully foldable to maximise transport and storage space

Industry standard design is light, sturdy and meets European regulations

Ergonomic grips and latches to improve handling efficiencies

### Benefits

Fully recyclable materials minimise the impact on the environment

Consistent specifications are suitable for automated production and line-side racking

Lightweight build increases handling efficiencies

Available with RFID track and trace capability

## Specifications

### Dimensions - in millimeters

	Length	Width	Height
External	800	600	835
Internal	740	540	685
Folded	800	600	417

### Nominal Capacity and Weight

Maximum capacity	274 ltrs 0.27 m <sup>3</sup>
Maximum load weight	700 kgs
Tare Weight	23.9 kgs

### Configuration and Stacking

Stacked layers in transit when open	3
Stacked layers in transit when folded	7
Stacked layers for storage when open	3
Stacked layers for storage when folded	9

### Temperature Range

Minimum / Maximum	-20 °C / 60 °C
-------------------	----------------

## Notes

### Materials

HDPE

### Recommended Use / Applications

Brake pads, turbochargers, engine and transmission parts
