

## Overview

### Introducing the Automotive IcoQube range

The IcoQube is a first-class packaging solution for intercontinental transport. It comes in multiple foldable sizes specifically designed to maximise sea container capacity, therefore increasing component volume delivery whilst saving transport costs. The IcoQube has a four-way access system for forklift trucks, two folding lids for simple filling and emptying and is RFID compatible.

## Features and Benefits

### Features

Made from strong, lightweight material for increased handling efficiency

Best in class folding ratio

Dual latching lids increase product protection

All components interlock for maximum stability

### Benefits

Four-way forklift access

RFID-compatible across the range

Full range is moisture resistant, reusable and sustainable

## Specifications

### Dimensions - in millimeters

	Length	Width	Height
External	1150	975	746
Internal	1113	938	557

### Nominal Capacity and Weight

Maximum capacity	580 ltrs
Maximum load weight	300 kgs
Tare Weight	26.9 kgs

### Configuration and Stacking

Stacked layers in transit when open	3
Stacked layers for storage when open	4

## Notes

### Materials

Pallet/lid: HDPE  
Sleeve: PP CP10 (3800g/sq m)
