Bringing sustainability full circle. The Carbon Neutral Half Pallet.

North American Reforestation Project

CHEP sources certified timber to build half pallets, ensuring reforestation.

- CO₂

CHEP Service Centers reduce energy consumption with our carbon reduction program.

- CO₂

Our share and reuse model drastically reduces carbon emissions.

- CO₂

Our transport collaboration activities reduce empty miles.

- CO₂

Retailers can reduce excess packaging and eliminate waste by using half pallets in stores.

- CO₂

CHEP’s Solutions Team finds innovative ways to create supply chain efficiencies for retailers and manufacturers.

- CO₂

One of our many solutions is Unit Load Optimization, ensuring every pallet load is maximized.

- CO₂

This is the Supply Change.™
