

B1210B 1000 x 1200 Block Pallet

8001

Complete Flexibility

The CHEP network of service centres enables the convenient hire and dehire of pallets on an as-required basis, with no stipulation on the minimum quantity or period of hire to accommodate the production peaks of your business.

Innovative Design

The CHEP 4-way entry 1000x1200 ISO 9-block full perimeter pallet forms the basis on which the CHEP pooling system operates.

- + Compatible with all standard pallet jacks and forklifts.
- + Provides greater efficiency in pallet loading and offloading.
- + Bottom deck boards are stop chamfered for ease of use with pallet jacks.
- + Forms the base for CHEP Collars and Cages.
- + Container compatible.

Consistent Specifications

- + Increases operational efficiency.
- + Manufactured from selected timber to strict specifications.
- + Robust with no compromise on quality.
- + Suitable for automated production and warehousing facilities.

Environmentally Friendly

- + 100% recyclable materials.
- + Upon return to CHEP every pallet is inspected and any damaged elements replaced to ensure that only top quality pallets are available for use.

Full Perimeter Base

- + Evenly distributes load to reduce product damage.
- + Provides stability in block stacking applications.

Painted CHEP Blue

Distinctive blue paint means CHEP pallets can be easily identified and outsorted.
