

**Overview**

The Automotive FLC 806086 is designed for use in Automotive Industries across the globe. The FLC 806086 features four-way forklift access and drop down doors for easy access line side. This lightweight unit comes with a paired lid, to provides superior protection from product contamination and damage, and folds flat to allow for stacking for maximum warehouse storage efficiency.

**Features and Benefits**

**Product Codes**

Unit: 868

Lid: 869

**Features**

Fully foldable to maximise transport and storage space

Industry standard design is light, sturdy and meets European regulations

Ergonomic grips and latches to improve handling efficiencies

**Benefits**

Fully recyclable materials minimise the impact on the environment

Consistent specifications are suitable for automated production and line-side racking

Lightweight build increases handling efficiencies

Available with RFID track and trace capability

**Specifications**

**Dimensions - in millimeters**

	Length	Width	Height
External	800	600	835
Internal	740	540	685
Folded	800	600	393

**Nominal Capacity and Weight**

Maximum capacity	274 ltrs
Maximum load weight	700 kgs
Tare Weight	23.9 kgs

**Configuration and Stacking**

Stacked layers in transit when open	3
Stacked layers in transit when folded	7
Stacked layers for storage when open	3
Stacked layers for storage when folded	9

**Temperature Range**

Minimum / Maximum	-20 °C / 40 °C
-------------------	----------------

**Notes**

**Materials**

HDPE

**Recommended Use / Applications**

Brake pads, turbochargers, engine and transmission parts
