

# Black Foldable RPC 46L

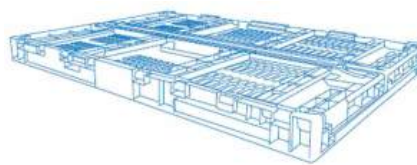

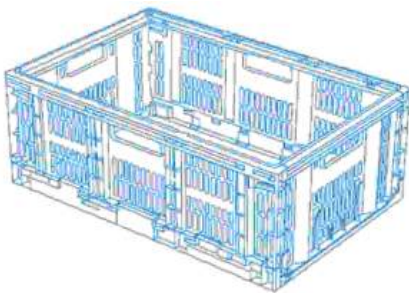

(for supply to Progressive Enterprises)

## Overview

Black Foldable Crate - White embossed code. A foldable, Reusable Plastic Crate (RPC) one of three sizes specifically designed for the New Zealand market. The unique design of the crate meets a variety of handling demands.

The three crate sizes are modular in design, allowing both column and cross stacking when erected and have a consistent height when folded.

CHEP has installed state-of-the-art equipment to wash and sanitise every crate after each use.

## Features and Benefits

- New Zealand footprint with straight walls
- Reduced incremental stacking height
- Fully vented design
- Foldable design
- Ability to cross and column stack
- Strong, robust design
- Easy to assemble and disassemble
- Individual barcode identifier
- Provision for RFID tag attachment
- Design compatible with automated crate erecting equipment
- Compatible with plix and fibre trays for improved product protection
- Reduced return transport costs
- Enhanced pre-cooling efficiencies
- Maximum air-flow extends shelf life of products
- Significantly reduced storage requirements
- Less product damage by reducing bulging, breaking and collapsing
- Enhanced load stability
- OH&S handling efficiency
- Improved track and trace options

## Specifications

### Dimensions - in millimeters

	Length	Width	Height
External	597	398	229
Internal	563	364	220
Folded	597	398	49

### Nominal Capacity and Weight

Maximum capacity	46 ltrs
Maximum load weight	20 kgs
Tare Weight	2.15 kgs

## Notes

### Materials

Food grade Polypropylene
