- Clearly identifies product and projects a clean, quality image
- Suitable for use in temperature controlled areas
- Reduced product damage and a significantly improved pack out rate
- Improved storage efficiency
- Easy handling
- Nationwide service centre network
- Returnable packaging is environmentally acceptable

Specifications

Dimensions - in millimeters

	Length	Width	Height
External	600	400	395
Internal	541	348	368

Nominal Capacity and Weight

Maximum capacity	75 ltrs
Maximum load weight	22 kgs
Tare Weight	2.91 kgs

Configuration and Stacking

Stacked layers	5
Stacked layers in transit when open	12
Stacked layers for storage when open	12

Notes

Materials

High density polypropylene

Recommended Use / Applications

Fresh produce
