

**Overview**

**Introducing the Automotive IcoQube range**

The IcoQube is a first-class packaging solution for intercontinental transport. It comes in multiple foldable sizes specifically designed to maximise sea container capacity, therefore increasing component volume delivery whilst saving transport costs. The IcoQube has a four-way access system for forklift trucks, two folding lids for simple filling and emptying and is RFID compatible.

**Features and Benefits**

**Features**

Made from strong, lightweight material for increased handling efficiency

Best in class folding ratio

Dual latching lids increase product protection

All components interlock for maximum stability

**Benefits**

Four-way forklift access

RFID-compatible across the range

Full range is moisture resistant, reusable and sustainable

**Specifications**

**Dimensions - in millimeters**

	Length	Width	Height
External	975	770	746
Internal	943	733	557

**Nominal Capacity and Weight**

Maximum capacity	380 ltrs 0.38 m3
Maximum load weight	250 kgs
Tare Weight	16.5 kgs

**Configuration and Stacking**

Stacked layers in transit when open	3
Stacked layers for storage when open	4
Return ratio	6.7 :1

40' high cube sea container can hold 108 units when loaded, and 720 units when empty

**Notes**

**Materials**

Pallet/lid: HDPE  
Sleeve: PP CP10 (3000g/sq m)

**CHEP Code**
