

## Overview

This industry standard 1200 x 1000mm quality wooden platform is ideal for the transport of goods in many industry including Fast Moving Consumer Goods, Beverage, Produce, Hardware and Automotive industries. Its 4-way entry design offers greater efficiencies during transport and storage.

## Features and Benefits

### Features

- Robust construction which provides strength handling of heavy loads
- Can be used with all standard equipment (4 way entry)
- Quality materials

### Benefits

- Provides durability during handling and transit
- Suitable for automated production and warehousing facilities
- Increases operational efficiency
- As it is consistently available, it ensures no delay production at times of seasonal or unexpected demand
- Distinctive blue paint means CHEP pallets can be easily identified and sorted

## Specifications

### Dimensions - in millimeters

	Length	Width	Height
External	1000	1200	156

### Window / Pallet entry - in millimetres

	Width	Height
1000 mm side	325.0	90.0
1200 mm side	365.0	110.0

### Nominal Capacity and Weight

Maximum load weight	3000 kgs
Tare Weight	38 kgs

## Notes

### Materials

**Wood:** Quality timber from a controlled selection of different wood types  
**Paint:** Water based CHEP blue  
 Either standard or stiff stock wire
