Overview

The CHEP Pallecon Solutions 275 gallon totes are the low-cost, high-quality solution for your one-way liquid shipping needs.

Using innovative technology, we have created a corrugated liquid tote that is strong, easy to use, 100% recyclable and cost-effective.

Additionally, our liquid totes use less corrugated material than most competitors, without sacrificing strength or durability.

Our Corrugated 275 Gallon Liquid Totes are perfect for:

- Smaller volumes
- International shipments
- Extended shelf life products
- One-time use needs
- Shipping and storing food, beverage, pharmaceutical, cosmetic and non-hazardous liquid chemicals

Features and Benefits

- Low-cost high-quality liquid packaging solution
- Single operator setup - Easy set-up can be completed in under a minute
- Innovative design – Uses less cardboard than competitors without compromising durability
- Stronger than competitors liquid totes in areas where it counts (base, top of sidewalls)
- Self-forming - Pre-folded cardboard and liner
- Eco friendly - 100% Recyclable
- Durable - Exceeds ISTA testing requirements
- Helps green your supply chain by reducing waste and return transport costs
