

**Overview**

The 315-Gallon Collapsible Liquid Container offers the largest weight capacity of any plastic collapsible liquid container (3,307 lbs) for shipping and storage, combined with best-in-class liquid liners.

**Features and Benefits**

Cost and environmental benefit: Reusable, collapsible IBCs save money and green your supply chain by minimizing transportation and disposal costs

Improved hygiene: Smooth interior and exterior walls reduce harborage points to improve hygiene and eliminate risk of cross-contamination

Reduce product waste: Bottom discharge outlet with internal sump ensures low residual every time you empty them

Easily stacks: Interlocking design allows containers to stack safely

**Specifications**
